

Free behavioural assessment and feedback

Thomas PPA is a behavioural assessment that helps you maximise the performance of your employees. It will help you match people to jobs, sift CVs, manage, coach, develop and train your people.

It takes just **8 minutes to complete** and gives an accurate insight into how people behave at work, providing real answers to questions such as:

- What are this person's strengths?
- Which limitations will impact on their ability to be successful?
- Does this person drive for results?
- Can this person work with and through people?
- Will this person excel?

Our relationship with Group Risk Connect enables you to benefit from the following offer:

- Two Personal Profile Analysis (PPA) reports
- Consultative telephone feedback from a trained Thomas practitioner
- Job profile allowing you to identify the behaviours required for success in a role
- Discussion reviewing your business needs and how we can align Thomas assessments to help your organisation recruit, retain, develop & manage
